Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This regulation, Army Regulation AR 700-127 Logistics: Integrated Product Support, prescribes the Department of the Army (DA) policy for implementing performance-based life cycle product support, including performance-based logistics, through the Army s Integrated Product Support (IPS) Program. The IPS Program includes planning, developing, acquiring, and sustaining well-defined, affordable performance-based product support strategies (PBPSSs) that meet the Soldier s requirements for Army materiel and software throughout their life cycle. Additional guidance for implementing this policy is provided in Department of the Army Pamphlet (DA Pam) 700-127 and must be used in conjunction with this regulation. The policy implements PBPSS requirements; defines the process that the materiel developer (MATDEV) will use to develop and integrate a PBPSS with the systems engineering process; identifies the framework (twelve integrated IPS elements) that will be used to develop the PBPSS; assigns responsibilities for developing and implementing PBPSSs for Army materiel and software; and requires MATDEVs to implement metrics to measure product support performance. DA Pam 700-127 provides implementing guidance for this regulation. This policy does not apply to business information technology systems developed and supported under the Business Capability Lifecycle or associated processes.
