PARASITE: JOYOUS FLASHBACKS AMIDST A CRYSTAL METH NIGHTMARE

AuthorHouse, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Jeff Ward was born in 1969, and hails from England's Black Country region, near Birmingham. During his late teens and early twenties he played guitar in a rock 'n' roll band called Gunfire Dance, who received fleeting notoriety during the early 1990's. With the intention of becoming a writer, in 1996 he moved to New York City, a place he had become familiar with due to the band's numerous performances there. Following his debut novel, *Mac & Beth*, which followed a cast of foul-mouthed football hooligan-types who unwittingly re-enact Shakespeare's Scottish play, Ward concentrated on a true fiction, touching closely on his personal experience of his first year in New York City. *Parasite* is a modern-day immigrant tale set in New York City, amidst the harsh environment of crystal meth addiction and abusive relationships. It is a memoir, a true-fiction dedicated to two lost friends. In a series of back-and-forth episodes, he celebrates the vaudeville cast of reprobate pleasure victims that surrounded him on the dole in England, and on the run in New York: rock 'n' rollers, ravers, artists, escorts, models, freaks, fruits, fag hags, football hooligans, drug dealers, wannabe-gangsters. A sequel to *Parasite* with the working title *Carry on Dreaming* is already completed, and bastardizing other Shakespeare plays is under consideration. He remains in New York City, occasionally recording what he calls 'agnostic spirituals' for his music project and sometime band, ElectraJet.
