Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I titled my book as The Chaotic World of Astrology. The chaotic trend accelerated in early 1980s with the emergence of comprehensive astrology software. They became a turning point for astrology in practice in that the cumbersome calculations to erecting astrology charts that took hours by hand, along with all sorts of tables and other tools, were now all taken over by software. Millions of casual astrologers in 1980s were now able, within minutes, to erect charts for any occasion, outlining the natal potentials of family and friends, predicting relationships and outcome of events. They became aware of the business potential of these software. Bored housewives and enterprising individuals purchased the software and began advertising in local papers, for \$25 each, for natal, relationships, and predictive transit charts for anyone. The activity spread like a wildfire and enveloped the world. Astrology organizations such as the (oldest) American Federation of Astrologers (AFA) experienced an explosive growth in membership and certification fees. Everything connected to astrology became so lucrative that other organizations and book publishers specializing only in astrology and metaphysical topics emerged. Magazines such as Dell Horoscope, American Astrology and others flourished. Ads from book publishers, mineral collectors and everyone with metaphysical claims filled their pages. People selling minerals with various mental and physical cure claims joined the stampede. Astrology conventions filled the convention centers in Washington, D.C. and other big cities periodically, so people could get to know one another and market themselves and their wares. Unlike religions to which people adhered by faith alone, astrology offered something more concrete and more powerful: neatly tabulated data and colorful graphical charts together with the accompanying delineations of what this...
