The purpose of this report is to clarify what equality and diversity mean, to whom it concerns, where the difference is between these terms, what is understood by managing diversity and what the expectations of both employees and employers are. It will be shown what benefits organisations can achieve if they implement diversity management in organisations by using different means, which will be mentioned in this paper. Supported by example of Ford Motor Company it will become clear what kind of means diversity management needs to have in order to be successful. In the second part of this report I will give my recommendations supported by different theories and examples from practice.
