

Rails Over the Mountains: Exploring the Railway Heritage of Canada's Western Mountains

By Ron Brown

Dundurn Group, Canada, 2016. Paperback. Book Condition: New. 203 x 203 mm. Language: English . Brand New Book. Journey through the engineering marvels, stations, and heritage sites of Canada's western mountains. Ride the rails through Canada's western mountains to explore the many vestiges of the region's spectacular and surprising railway heritage. Here is where grand railway hotels were built to attract tourists to the West's beautiful scenery and bring profit to the railway lines as well. Rustic stations added to the allure. The challenges of conquering the mountains resulted in some of Canada's most ingenious feats of engineering, such as spiral tunnels and soaring trestles (one of which was featured in The Amazing Race Canada). Relive the days of rail on a steam train, the luxurious Rocky Mountaineer, or one of VIA Rail's mountain journeys. Outdoor enthusiasts can follow the abandoned roadbeds of Canada's more spectacular rail trails, like the legendary Kettle Valley Railway. Also included are some of Canada's most extensive railway museums, which have helped to bring this vanished era back to life.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- **Prof. Arlie Bogan**

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
