Reviews

These types of book is the greatest ebook readily available. I was able to comprehend every little thing using this published e pdf. I realized this pdf from my dad and i encouraged this publication to discover.

(Dr. Porter Mitchell)

THE FAILURE OF DECENTRALISATION IN SOUTH AFRICAN LOCAL GOVERNMENT: COMPLEXITY AND UNANTICIPATED CONSEQUENCES

University of Cape Town Press, South Africa, 2013. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. The Auditor General has just issued a damning report on the financial state of affairs in municipalities across South Africa. Protests against service delivery failure have become commonplace in this country and constitute perhaps the most serious challenge this young democracy has yet faced. So just what is the problem? The failure of decentralisation in South African local government: complexity and unanticipated consequences examines the design of the local government framework and its contributing role in the crisis. It identifies 12 dimensions of decentralisation and studies the extent to which these dimensions are incorporated in the South African local government framework. Through empirical research conducted at 37 municipalities across the country, this study finds that municipalities are frequently incapable of meeting the demands imposed upon them by a highly complex model of local government. This complexity, coupled with the absence of essential conditions for success and the presence of a number of threats which are commonly identified in decentralised systems, leads to the failure of policy and the erosion of sound local governance. The aim of this book is to promote an understanding of the difficulties that confront local government in South Africa and the causes of its failure. It does not presume to provide the answers to the crisis; instead, it encourages debate by posing a number of questions about the future design for local government and suggests that a far simpler model which imposes less complex demands needs to be considered.
