## HUMAN ECOLOGY OF CULTURAL ENTITLES

2007. Hardcover. Book Condition: New. 398 Man and animals have biological needs to be met like food, water and protection. But humans are unique as compared to the animals because of their ability to produce a second nature out of the first nature. While the geographical and physical settings determined the adoptive rationale of the earlier human society, with advancement, the humans have carved a second nature out of the first nature. Different cultural entities and civilizations prospered in succession....
