Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

The land is all low, and at a small distance you see the town of Guerande, with a high pointed steeple; and within the point of Croisic comes in view another high steeple of stone, called La Tour de Bas, by which marks this coast is easily known. When you pass between the land and Isle Dumet, you must keep nearer to the land than to the isle, because of several banks which run out from the said isle towards the land. And from the Cardinals to Croisic, the course is f about E S 4 leagues, then you pass between Isle Dumet and a ledge of rocks, called Le Four, which is very dangerous. When you have a mind to steer witli safety in that passage, you must not bring the high steeple of La Tour de Bas to the S E of the Point Croisic, nor yet unite them in the same line, for you would infallibly run upon the Four: but you must keep the said steeple on the N E of Point Croisic, by which means you will pass between the abovesaid bank and Isle Dumet, at a small league. The entrance of Croisic is extremely difficult, both on account of the multitude of rocks which block up that whole haven, and of the great currents inward and outward; it is no sooner high water than the ebb forces you back, and one as...
